

Finding NHS Electronic Journals / Guide

Overview

As NHS staff you can access a wide range of electronic journals from any computer connected to the internet using your NHS OpenAthens login.

This guide assumes you already have a reference to a journal article, and you want to find out if you can access it electronically. If you do not have a reference and want to find journal references on a topic, see the **Searching NHS Healthcare Databases** guide.

Accessing the NHS E-Journals page

Go to the Library Homepage: <http://library.sgul.ac.uk> and click on the **NHS Staff** tab at the top of the screen.

Journals and Databases Help Cookies

To see all the journals that you are entitled to access - including those purchased regionally and locally - you need to login with OpenAthens
If you do not have an account, you may register for an OpenAthens account here

Exact title Start of title All words in title ISSN

Enter search term Search

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z
0 1 2 3 4 5 6 7 8 9

If you do not have an OpenAthens login, click on **Register for an OpenAthens** account to self-register from any Trust networked PC or with an NHS email address. If you encounter any difficulties self-registering for an NHS OpenAthens account then you should contact your local Athens administrator on **020 8725 5433** or email **liaison@sgul.ac.uk**

Searching for a Journal

There are two ways to look for a journal:

The screenshot shows a search interface with the following elements:

- Search options: Exact title, Start of title, All words in title, ISSN
- Search input field: "Enter search term"
- Search button: "Search"
- Alphabetical navigation: A B C D E F G H I J K L M N O P Q R S T U V W X Y Z
- Numerical navigation: 0 1 2 3 4 5 6 7 8 9

Callout 1: "1. Search: search for the *Exact title, Start of title or All words in title.*" points to the search options.

Callout 2: "2. A-Z: search for the first letter of the journal" points to the alphabetical navigation.

Using the search option

Once you have clicked on **Search** and if the title is available you will see a results page like this:

The screenshot shows the search results page for the query "paediatric nursing".

- Search options: Exact title, Start of title, All words in title, ISSN
- Search input field: "paediatric nursing" with a clear button (x)
- Search button: "Search"
- Alphabetical navigation: A B C D E F G H I J K L M N O P Q R S T U V W X Y Z
- Numerical navigation: 0 1 2 3 4 5 6 7 8 9
- Total records matched: 2
- Result 1: **Neonatal, Paediatric & Child Health Nursing** (circled in red)
- Availability: Available from Cambridge Media in [CINAHL with Full Text](#)
- Fulltext dates: Fulltext starts 01/Apr/2006 and ends 6 months ago
- ISSN: 1441-6638

Available online content will say **Available from...** with a link to the journal provider's website.

Before clicking on the link, check whether the particular article you require is available by looking at the dates held electronically next to **Full Text**.

NHS e-journals come from a variety of sources such as:

- YourJournals@Ovid
- Wiley
- EbscoHost Cinahl Full Text
- American Medical Association (JAMA and Archive journals)
- Proquest
- BMJ Journals
- PubMed Central and UK PubMed Central
- Health Business Elite (health management titles)
- Highwire press
- Free Medical Journals

Opening an article

After entering the journal provider's website you will need to select the year, then volume and then issue:*

The screenshot shows the EBSCOhost interface for the database 'CINAHL with Full Text - Publications'. The page title is 'Publication Details For "Neonatal, Paediatric & Child Health Nursing"'. The left sidebar contains publication details: Title: Neonatal, Paediatric & Child Health Nursing; ISSN: 1441-6638; Publisher Information: Cambridge Publishing, 10 Walters Drive, Osborne Park, WA 6017, Australia; Bibliographic Records: 11/01/1998 to present; Full Text: 04/01/2006 to present (with a 6 Month delay); *Full text delay due to publisher restrictions ("embargo"); Publication Type: Academic Journal; Subjects: Maternal-Child Nursing; Pediatric Nursing; Description: Official publication of the Australian Confederation of Paediatric and Child Health Nurses and the Australian Neonatal Nurses Association, professional groups providing care for babies, children and their families; Publisher URL: http://www.cambridgemedica.com.au; Frequency: 3; Peer Reviewed: Yes. The right sidebar shows a list of 'All Issues' from 2016 down to 2004, with three issues from 2009 circled in red: 'Vol. 12 Issue 3 - Nov2009', 'Vol. 12 Issue 2 - Jul2009', and 'Vol. 12 Issue 1 - Mar2009'.

You should then see a list of the articles in the chosen issue.

The screenshot shows the search results page for the article 'Editorial: an ecological context of childhood.' by Campbell S. The page title is 'Search Results: 1 - 10 of 10'. The search results list includes the article title, author, journal information, and subjects. The article is from 'Neonatal, Paediatric & Child Health Nursing, Nov2009; 12(3): 1-2. 2p. (Journal Article - editorial, tables/charts) ISSN: 1441-6638'. The subjects are 'Ecology; Interpersonal Relations In Infancy and Childhood; Models, Theoretical; Child: 6-12 years'. The page also shows 'Cited References: (4)' and a 'PDF Full Text' link.

Click on the article title or the full-text options (look for either HTML or PDF).

*If the journal provider's website asks you to login again, look for an OpenAthens link and enter your Athens username and password.

Saving, printing or emailing an article

If you have opened a HTML version, you can use your normal web browser options to print, save or email the article.

If you have opened a PDF version, use the icons on the toolbar within Adobe Reader to print, save or email.

You can also email articles by using the providers email sharing options or by saving the article and then sending it as an attachment using a web-based email account (e.g. Gmail, Yahoo! or Hotmail).

SGUL (University) E-Journals

NHS staff can only access SGUL electronic journals from within the Library, unless you have a joint contract with the university. If you need a log-in to access the University PCs and resources you can request one from the Library helpdesk.

Once you have a Library log-in, visit the Library homepage at <http://library.sgul.ac.uk> from any library computer and click on Journals to navigate to any University journals.

Further help

If you require any further help or assistance contact the Library Help Desk on 020 8725 5466, or a member of the NHS Liaison team:
